

## IMRF Employee Compensation

### Total Compensation Package for IMRF Employees

Monee Township complies with the Illinois Public Act 07-06098 which requires the “total compensation package” for employees whose compensation package exceeds \$75,000 per year. This package is defined as payment made by Monee Township for salary, health insurance, vacation days granted, and sick days granted. On April 21, 2022, the Board of Trustees approved the Monee Township annual operating budget for both TOWN AND ROAD DISTRICT. Monee Township does not provide payments for housing allowances, vehicle allowances, clothing allowances, or business loans. \*(overtime variables and health care increases may cause salary differences.)
