

IMRF EMPLOYEE COMPENSATION

Total Compensation Package for IMRF Employees Estimated for 2025-2026 Budget Year

Monroe Township complies with the Illinois Public Act 097-0609 which requires the "total compensation package" for employees whose compensation package exceeds \$75,000 per year. This package is defined as payment made by Monroe Township to the employee for salary, health insurance, vacation days granted, and sick days granted. On April 17, 2025, the Board of Trustees approved the Monroe Township annual operating budget for 2025-2026 for both TOWN AND Road District. Monroe Township does not provide payments for housing allowances, vehicle allowances, clothing allowances, or business loans. *(overtime variables and health care increases may cause salary differences.)
